

Company Summary:

Harman International Industries, Inc. is the worldwide leader in the manufacture of high-quality, high-fidelity audio and electronic products for automotive, consumer and professional use. It is the parent company behind an array of legendary brands that includes Harman Kardon®, JBL®, Mark Levinson® and Infinity®. The Company has developed, both internally and through a series of acquisitions, a range of product offerings. It operates in three segments: Automotive, Consumer and Professional. The Automotive segment designs, manufactures and markets audio, electronic and infotainment systems for vehicle applications primarily to be installed as original equipment by automotive manufacturers. The Consumer segment designs, manufactures and markets audio, video and electronic systems for home, mobile and multimedia applications. The Professional segment designs, manufactures and markets loudspeakers and electronic systems used by audio professionals in concert halls, stadiums, airports, houses of worship and theme attractions. For more than 50 years, our legendary brands have taken a leading role in the creation and innovation of progressive technologies, from the world's first car radio in 1948 to today's most revolutionary infotainment systems.
